Analytical components (%)

Crude protein	15,8
Crude oils and fats	3,10
Crude fiber	11,2
Crude ash	8,00
Sodium	0,23

* Produced from genetically modified oilseed rape, sodium chloride

Raffia bag

40 Kg

Euro pallet 120x80

840 Kg

21 bags/pallet

Format

16 mm Big Cube

Vitamins (kg)

Vitamin A E-672 (UI)	2.700
Vitamin D3 E-671 (UI)	540
Vitamin E (UI)	2,30

Urea and derivatives (%)

Urea	1,000
%NNP/PB	17,7 % de PB

Trace elements (mg/kg)

Iron E-1	10,0
Iodine. Potassium iodide E-2	0,25
Iodine. Anhydrous calcium iodate E-2	0,01
Cobalt	0,08
Manganese E5	17,5
Zinc E6	25,0
Molybdenum. Sodium molybdate E-7	0,16
Selenium E8	0,06

Antioxidants (mg/kg)

BHT (E-321)	0,50
-------------	------

Preservatives (mg/kg)

Citric acid (E-330)	1,70
Sodium citrate (E-331)	0,05

Binders (%)

Sepiolite E-562	0,01
-------------------	------

*It is not allowed the simultaneous administration of vitamin D2.

... Supplying to suckler cows at the rate of 2-5 kg. per cow and day to supplement straw or other forages.

... Supplying to sheep at a rate of 0,5-1 kg per day and sheep to supplement straw or other forages.
